UCI Medical Clinic Considered Here

The city of Placentia is being considered as a possible site for an out-patient clinic of the University of California at Irvine School of Medicine, Dr. Stanley van den Noort of the institution reported at a meeting of the Placentia City Council.

Also seeking the facility are the cities of Anaheim and Fullerton, as one link in a series of clinics, using the school's campus medical facility in Irvine, and the Orange County Medical Center in Orange, to cover all of Orange County.

If the clinic were located in Placentia, a possible site would be on Melrose Street, immediately north of the Chester I. Whitten Community Center building, City Administrator Edwin Powell stated this week. The site is now occupied by the city's construction yard and has been designated as a possible location for another Placentia Fire Station. The construction yard is programmed to be moved to a new location donated by Mr. and Mrs. Edward Backs.

Acreage required for the clinic, which could provide aroung 30,000 patient visits a year, or the equivalent work load of four or five doctors, is between one and a half to two acres, Dr. Van den Noort described. The area by the Whitten Center with a small parcel from McFadden Park would be sufficient, Powell estimated.

The Whitten site also is in easy access of freeways, an important consideration in the UCI Medical School planning, Powell stated.

Equally desirous of securing the facility are the cities of Anaheim and Fullerton, both of whom have located property for it, Dr. Van den Noort indicated.

The clinic would be one of five principal facilities, along with smaller rural clinics, to provide service for all of Orange County.

Another factor in the selection will be the numbers of disadvantaged families that may be in easy access to the clinic site.

"Our opportunities to do this depend, of course on the continuing of state funding," Dr. Van den Noort told the city council, "and I'm optimistic that this is going forward in a satisfactory way."

"The regents of the university are not used to dealing with plans that envision this large an outpatient program and they have some anxieties in dealing with the picture of revenues and are not eager to expand the operational costs. And the county of Orange has some anxiety about the opening of the clinics because they do identify new areas of need and do increase the costs of welfare services," Dr. Van den Noort explained to the council.

The clinic would not seek to deal principally with serious emergencies, Dr. Van den Noort stated. It would principally provide an opportunity for preventative medicine, for education as well as for medical services. Patients who require more complex services would be referred to the UCI campus medical center "in which a full range of special and complex diagnostic services would be available without moving from one floor to another," Dr. Van den Noort

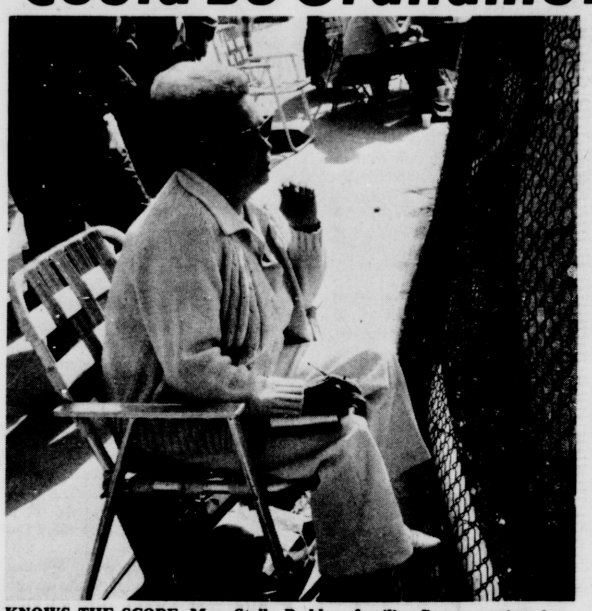
Little League's No. 1 Fan Could Be Grandmother Redd



KNOWS THE SCORE--Mrs. Stella Redd, a familiar figure anytime her grandsons play in Placentia Little League, here watches the Texas Ranger game Saturday. Beneath her chair are carefully wrapped home baked treats for the teams on which her grandsons play.

BY BETTY MEAD

When Williamsport, Pennsylvania put Little League together, they may have overlooked one very important aspect...grandmothers.

With everybody else in the family having vital Little League work to do, there is at least one grandmother who isn't noticing the slight at all...Mrs. Stella Redd.

And what may be Anaheim's loss, could well turn out to be Placentia's gain.

Saturday, Mrs. Redd was up bright and early, collected some very important items at her Anaheim home, pointed her vintage automobile toward Tuffree Hill Park and arrived in plenty of time for grandson Dennis Redd's Texas Rangers game.

They won 5 to 3. That hardly left time for Mrs. Redd to dash to Valencia High School to see the last three innings of grandson Tom Redd's Giant game.

"I didn't get there in time to pass out their bubble gum," she said with some remorse. They won anyway.

"Tom pitched the whole game," Mrs. Redd remembered this week with enough enthusiasm to bowl over at least two more players. "He only gave up two runs. It was a great game!"

Saturday night, Anaheim got lucky and got Mrs. Redd back home. She attended the Little League Angels game with her son and grandsons. The Angels won 1 to 0.

"It was a pretty dull game," Mrs. Redd recalls. "Not much action. Not like the ones today!"

Saturday was a normal April day for Mrs. Redd, who admittedly looks forward to this time of year.

A lot of other things had happened in between major events. The packages Mrs. Redd brought with her to the Little League fields Saturday morning contained home-baked treats for every member of both grandsons' teams...a loving

Trash Trucks On County Wide Strike

Uncollected trash lined Placentia streets Tuesday as members of Teamsters Union Local 396 called a county-wide strike for higher pay...the first in 11 years.

Raul Rangel, Vice President of Jaycox Disposal Service, Anaheim, which services the Placentia area said that the company's trucks were still in operation in the field, manned by administrative personnel. Pick-ups are running a day late but will be made, he emphasized.

Large commercial bins have a number one priority, and homes will be serviced next, he indicated.

Members of the union last week voted overwhelmingly for the strike officials indicated, after rejection of their original proposal of accelerated wage increases over a three year period would have given them an hourly wage of $11. Company owners firmly declined.

"I told them it was a ridiculous proposal," Gene Raasch, Los Angeles president of the local union reported, but said that the men "really believed they could get it."

Wages now are $3.28 an hour for drivers and $3.02 an hour for helpers. The union is now seeking $4 an hour for drivers with two 50 cent increases a year for the next two years. Helpers also would receive $1.72 increase over the three year period.

"They struck for only one thing...more money," Raasch confirmed this week. "They need enough money to be able to feed their families."

Rangel said his office is being picketed and that his company has made "a last and final offer of $3.75 an hour, and that's a decent wage." He pointed out that the increase in wages would have to be passed onto the consumer.

Brea Councilman Relinquishes Seat

Brea Councilman Donald V. Symmes, convicted of a shoplifting charge concerning a woman's car coat, Monday night relinquished his Brea council seat, a decision reluctantly accepted by his fellow councilmen.

His resignation is effective immediately.

Symmes, who was found guilty by jury of the shoplifting accusation, had stated at a press conference before his two trials, the first one ending in a hung jury, that if he were found guilty, he would resign both his council seat and his teaching position at Troy High School.

Following his resignation Monday Symmes stated however, that he had given no specific time that he would resign from his job and declined to state either way what his decision would be.

The Brea Council has until May 12 to appoint a successor to Symmes, whose term would not have expired until 1978. The Brea Council can then call a special election for the post combined with the regular election next year when council positions expire.

Decision to accept Symmes' resignation was quickly reached by the council following a half hour executive session called immediately after opening the special 5 p.m. council meeting Monday.

Speaking with feeling, Mayor Leonard McKain, who is also an educator by profession, told the small audience attending the special

Japanese Students Seek Homes Here

Homes for 35 Japanese students, who will be attending El Dorado High School for three weeks from July 19 to August 9, are being sought in this immediate area.

As part of a program sponsored by the Foreign Study League, an educational service of Reader's Digest, the project will bring 35 college young people from 18 to 22 years of age to Placentia.

Mrs. Mary Lee Fleischer of 212 Bagnall Avenue, Placentia, representative for the league said host families would be asked to provide room and board and to help arrange transportation to and from classes at El Dorado High School four mornings a week.

The host family may choose the age and sex of the student, who will

League Sign Ups Saturday

Signups for Placentia Little League's Big League teams, will begin at 10 a.m. Saturday, May 3 through the afternoon on the El Dorado High School Junior Varsity Field, the organization said this week.

A donation of $20 will assist with the cost of the equipment. Proof of birth and residence will be needed at signup time.

Boys who will be 16 before August 1, 1975 and will not be 19 before that same date, are eligible to play.

Tryouts will be held the same day, shortly after the signups.

The Big League games will begin on May 19 and anyone wishing further information can call Tom Redd at 524-5023 or Frank Long at 528-3028.

Welcoming Committee Grows

As messages and phone calls flew over a continent and an ocean last week, plans to entertain members of an elementary school class from the ancient Italian city of Piacenza, were progressing here nicely.

There were indications that more than one local student group will be involved as a reception committee.

This week, also confirming schedules, arrangements and accommodations were students from St. Joseph's Catholic School, Placentia, who have also been in contact with youngsters from the Giordani Piacenza school.

The visiting students now are expected to arrive here on May 15 and will be met at the Los Angeles International Airport by students from St. Joseph's School and a class from Morse Avenue Elementary School of the Placentia Unified School District.

Excitement was running high at St. Joseph's where Sister Virginia, Principal of the School, confirmed the students' interest in the oncoming visit. The youngsters have been exchanging letters, hand drawn greeting cards, pictures, souvenirs and taped messages. The teacher of the class is Mrs. Patricia (Jack) Koenig.

Mrs. Eva (Curtis) Carter, whose son is in the St. Joseph's class, has been acting as interpreter for both schools as well as the mayor and the American city of Placentia. She was still busily at work with phone calls and correspondence.

Mrs. Carter, in recounting all that has gone on between the three

folk dances presented by students along with Mexican music will be carried out at the event which frequently brings visitors from around Orange County.

Home cooked food, under the supervision of the Placentia Redevelopment Association, also will be served, but tickets this year must be purchased in advance, the school said, to avoid the long lines of people who could not be served last year.

Dinners will sell for $1.25, including enchilada, rice, beans, salad and beverage. In charge of the kitchen will be Placentia Redevelopment Association members Rosa dn Al Garcia and Don Oberle.

Food will be served from 5:30 to 8:00 p.m. in the school's gymnasium with dinner performances by the students from 5:30 to 6:30 and 7 to 8 p.m.

Tickets for the dinner may be purchased at either Rio Vista Elementary School in Anaheim or McFadden School, Placentia from 8:30 to 9:30 a.m. week days and between 11:30 and 12:30 noon at McFadden, Kathie Hill, McFadden secretary reported.

Teachers helping with this year's effort include Irma Ayala, Corina Gonzales, Carolyn Martinez, Irene Orosco, Ida Gallo and Maria Torres. California State University, Fullerton students assisting with the dances include Irene Alvarez, Mary Ann Mandrigal and Alex Varga.

The Cinco de Mayo celebration was instituted 24 years ago by teacher Alyce Sigala, who last year retired from the McFadden staff.

Free Books Available

Three hundred free books, obsolete text books, including readers, elementary science, social studies and driver education texts, are available currently at McFadden Elementary School, 974 South Melrose Street, Placentia, the Placentia Unified School District said this week.

Books may be picked up in Room 513 from 2 to 4 p.m. Thursday and Friday. There is no charge.

Ms. Placentia Pageant Expanded

The Miss Placentia Pageant is being expanded to include girls from 17 to 26 who attend school full time in the Placentia Unified School District, or are employed full time in the city of Placentia, as well as residents of the city.

The deadline for applicants to the pageant is Friday, May 2.

So far 12 applications have been received for the Miss Placentia contest, the Placentia Chamber of Commerce, sponsors, reports.

The pageant to choose the next Miss Placentia, will be held at 7:30 p.m., Saturday, May 24 in the Valencia High School Auditorium. The winner will succeed Miss Becky Cordell, the present Miss Placentia.

Further applications for the title, Miss Placentia, will be received from 9 a.m. to 4 p.m., Monday through Friday, at the chamber offices, 127 South Bradford, Placentia. Each girl competing in the pageant this year will be sponsored by a local firm.

Miss Placentia is the offical hostess for the city and appears in many civic and public events during the year. The winner, also, is eligible to compete in the Miss Orange County Pageant.

El Dorado Chorales In Concert

The Choral Department of El Dorado High School in Placentia will present a concert in the school lecture hall this Wednesday evening, April 30 at 7:30 p.m.

The program, entitled "Spring Festival Preview", will feature the music which all El Dorado choirs will be singing at the Southern California Vocal Association Festivals in Palm Springs and Riverside during the month of May.

The performing choirs are the Girls Glee, Womens Ensemble, Womens Chorus, Concert Choir, and Vocal Ensemble. The selections of each group will cover styles of music from the Renaissance to the 20th Century.

The music is of very high calibre and rated quite difficult. The selections range from the exciting to the subline, from the uncomplicated to the complex, and from the serene to the shocking, the group said.

Highlighting the concert will be a presentation of "Saul", a work of great impact by Norwegian composer Egil Hovland and the presentation of Mozart's "Laudate Dominum" with soprano soloist Molly Whisman.

The evening's program offers the listener great variety in style and tone color from the various performing groups. Tickets will be available at the door. Adult admission is $1.50 (Vocal Music Booster Club Members, $1.) and 75 cents for students.

Papa Band Plays Dance At Valencia

A Dance-Concert, featuring the Papa Do-Run Da-Run, from San Jose, one of California's foremost Rock Bands, will be held Saturday, May 3 in the Valencia High School Gymnasium.

The concert is being sponsored by the Valencia High School Associated Student Body as their concluding event of the year.

Papa Do-Run Da-Run will feature a medley of songs, composed and sung by the Beach Boys.

The festivities will begin at 8 pm, with doors opening at 7:15 p.m.

The band also will be performing two free assembly concerts for Esperanza High School on Thursday afternoon and Valencia High School Wednesday.

Schools from throughout the area will be invited to attend the concert but will be admitted only if a student identification card is shown. Tickets will be sold in advance at Valencia for $2 with price at the door, $2.50.

Proceeds from the activity will be used for student projects, Kraig Butrum, president of the Valencia senior class explained.

Medical Clinic

[Continued from Page One]

described.

Patients with more serious problems could elect to be hospitalized in the community where they reside or at the hospital on the Irvine campus.

The Placentia-Anaheim-Fullerton area has an overall population of possibly 125,000 people, Dr. Van den Noort said, "and nearly 18,000 fall into the category where the ability to pay for medical services is frequently impaired," he explained. "A five per cent minority also is indicated in the area."

"California imports nearly three-quarters of its medical talent at the present time...and it has been suggested that we will continue to import nearly two-thirds of our medical talent.

"It has been suggested that in a world where nearly one-third of the population is born, lives, and dies without ever seeing a physician, that this is perhaps not the best way to go," Dr. Van den Noort emphasized.

"The expansion of the medical student program will allow us to increase our enrollment from 280 to 384 and it is possible that the number will actually be larger.

"The desirable location within the clinic area of Anaheim, Placentia and Fullerton remains to be identified," Dr. Van den Noort continued. "Some locations have been considered, none has been selected. Nor has the surety of funding for the development of such a clinic been certified.

"The other cities in the area are also interested in this project and that we would like to bring to your attention," the doctor continued.

"These clinics would not be staffed on a 24-hour a day basis, seven days a week, as their volume would not require it. There is not enough load after 8 o'clock to warrant staffing after those hours, Dr. Van den Noort concluded.

Placentia Republican ...But Barely

The city of Placentia has 826 more Republican voters than Democratic, out of a total registration of 9,539.

In the latest report from the Secretary of State, Placentia voters registered themselves 4,925 Republican; 4,099 Democratic; 20 American Independent; 3 Peace and Freedom; 15 miscellaneous and 477 declined to state.

With an influx of new voters, the latest figures would suggest a major shift from once predominantly Republican Orange County.

Little League Fan

[Continued from Page One]

ritual she has indulged in every baseball season week for the past 17 years.

The boys got delicious looking home-baked cookies after Saturday's game.

"They know I'll always have something for them," she explains. "I just love them all," she admits openly. "I'm afraid I've always been a little partial to boys!"

The treats are her extension of being a grandmother. "Sometimes I take candy bars," she explains. "But usually it is something I have baked. And I bake from scratch. None of this boxed stuff."

At night games, she has a special warmer that will keep weiners hot. And each team member gets a hot dog with all the accessories.

Bubble gum (she buys a case each year) is provided at the beginning of each game.

One reason for her unabashed interest in Little League may be the fact that she was required to be both mother and father to son Tom, after his father died when he was 12.

Son Tom turned out all right. He is father of Tom, Jr., and Dennis and if that won't get him into the Little League field, he is also president of Placentia Little League this year, an awesome but prestigious job.

Stella Redd's involvement with Little League first began in Anaheim, when grandson Dick Gard began playing 17 years ago. Everyone got treats every game. Then grandson Tom Gard played. Same thing.

Now there are Tom and Dennis Redd in Placentia Little League and the home-baked treats continue.

THE TEXAS RANGERS--on which Mrs. Redd's grandson Dennis plays, will be getting very special attention this year. Team members are: [in front] Rick Massucci, Don Briscoe, Carl Cooper, Glenn Kido, Dennis Redd and Phil Thompson. In back: Manager Larry Parks, Ken Lopez, Kevin Bolkovatz, Willie Chambers, Bryan Betts, Rob Parks, John Sharp and Coach Phil Wener. Team member Ed Borrowe is not in the picture. The team is sponsored by the Placentia Courier.

In fact the whole idea has spread to another generation. A great grandson plays with the Little League Twins in Garden Grove. That's Bret Fritch. Conflicts in schedule slight Bret's games, only because "he has a grandpa and grandma that go to all of his games. So if I can't get everywhere, I have to miss Bret," Mrs. Redd says with remorse. But when Mrs. Redd can make the schedule, there are treats from grandma's house.

Mrs. Redd has also added one soccer team to her list of favorities. Another great grandson, Greg Martin, was born with no hands...less of a handicap in a soccer match. And Mrs. Redd's voice can be clearly heard whenever Greg plays. There are home-baked surprises afterwards.

Actually, starting with Stella Redd, slights one generation of this unique Little League arrangement. Mrs. Redd's mother died last year at 94. Until her death, she was an eager baseball and basketball fan and delighted to be taken to the games where she proceeded to move herself to a spot where she could see, in her walker.

Stella Redd has become a familiar sight at Placentia Little League games, where she pulls up a chair and carefully keeps score. She is not an overly vociferous rooter, but follows the game closely and makes hereself heard.

In fact, Garden Grove Little League has reason to remember Bret's great grandmother well..."I don't say that I know all the rules," she says modestsly, "but I won't back down when I know I'm right. I get upset when it's against the boys.

"I told them they had better get out their rule books and look. They weren't doing some things properly."

Mrs. Redd was later exonerated when team managers admitted: "Bret's great grandmother is right!" They made the changes.

But last saturday was also a very special day for Mrs. Redd. The Texas Ranger boys discovered that it was her 67th birthday and after the game they got a chance to thank Mrs. Redd for her grandmotherly devotion...just a little...with a birthday present.

Mrs. Redd was mightily pleased, but worried that someone might think she wished to be remembered for the hours she spends in the kitchen and on the field. "I enjoy every minute of it. I do it because I love it."

Mrs. Marty Goodwin, team mother for the Texas Rangers, who was in on the party Saturday reports: "You should see the surprises she brings. Everything from giant filled cookies to ham sandwiches. The boys really look forward to it!"

It is pretty obvious to those on the sidelines that Mrs. Redd, the Texas Rangers and the Giants have everything pretty well under control.

Now, about that "slow" team across town--maybe if Grandma Redd could lend a few of those recipes to the Little League Dick Williams heads at the Big A...well who knows...just about anything might happen!

Welcoming Committee

[Continued from Page One]

classes said this week: "With some English, some Italian and with the help of interpreters, their correspondence is rich with little drawings, post cards, pictures, newspapers and souvenirs."

"By now the children of the two Placentias know each other by name and by face. They know everything about the American Piacenza: a very fortunate city because of the beauty of its climate, for the green grass, for the pleasant living, for the private swimming pools, for the parks and recreation, for the lovely Civic Center...but most of all for the fabulous (near by) Disneyland."

"Through all this," Mrs. Carter continues, "an ideal bridge has been established among the two cities with the same name and in the minds of the little Italian kids a lovely idea was born--an idea of a trip of the children of the Po (River) to the Placentia of the Pacific where everyone would have a little friend to receive him in his home and exchange the visit at a future date."

"In a time when the only news we read is about a depression, gas shortage, crime, war and narcotics, it gives me a deep sense of pleasure to share this news with the people of Placentia and I strongly believe that as long as there are children like these to reach out hearts, there is hope for mankind," Mrs. Carter says with feeling.

The Italian Piacenza, which according to the book "Placentia--Around The World," written by former Placentia Mayor and present President of the Placentia District Library Board of Trustee, Victor Michel, is an ancient city established in 219 B.C., founded to serve as a fortress to help defend the Roman Empire.

"It is situated in an open plain, sandy and liable to flood and open to all the winds of Heaven," the book reveals.

Piacenza's first years were hectic, a site of many wars and seiges. One of its landmarks is a Cathedral constructed in 1122 A.D. and restored in 1898. The city also has the Palazzo Municipale, started in 1281 and considered by some to be the "finest civic building in all of Italy."

In the town square are bronze equestrian statues, vintage 1620 to 1625 of dukes Alessandro and Ranuccio.

"Many parts of the city are still surrounded by walls," the Michel book continues, "which at one time served to protect the city from aggressive neighbors....Although much of Piacenza was damaged by Allied bombers during World War II, most of the historical monuments and structures were spared or suffered only minor damage."

Piacenza today is reported to have "the best food in Italy" and is an important agricultural, commercial and industrial center with a large population.

Brea Councilman

session: "I do want to say how much we all regret the circumstances surrounding this resignation. During his term in office, Don has had to make a lot of major decisions and there is no doubt in my mind that the decision he has made tonight far surpassed any of the others."

Symmes said that the council had urged him to reconsider his resignation which he had hand delivered to Brea City Hall on Thursday.

In a written statement, Symmes declared that the resignation was his own idea and was not requested by the city council.

"I am not required by law to resign nor am I bound at this time by statements concerning possible resignations. This resignation is not an admission of guilt of an intent to steal nor of stealing anything at any time."

"I am tired and depressed," the statement continued, "and do not feel that I can maintain the pace demanded by council work and all other necessary things at this time. I feel I must keep my word to do those things I think are best for all the citizens of Brea, for my family and my friends."

"In the past two days," the former councilman stated, "many citizens have urged me to continue on as their city councilman. I promise that I will give serious consideration to running in the next election if the citizens want me as a candidate."

In his previous letter of resignation, Symmes had explained: "I have recently been arrested, charged and convicted of petty theft consisting of the stealing of a woman's coat from J.C. Penneys on December 23, 1974. The only issue in the matter was the intent of the undersigned...I know I had no intent to steal the coat."

"My resignation is brought about because of my love for the city of Brea and all of its inhabitants. I do not want the stigma of my conviction to adversely effect the city or the community. I do not want to embarrass my fellow councilmen or the community.

"I leave you in this condition: I am humiliated, embarrassed and totally depressed. I stand ready to face the judge on the day of sentencing and will accept any punishment he may deem proper."

"There is no punishment he can render that will equal the punishment this has already put on my family."

Sentencing before Judge Phillip R. McGraw is scheduled for Thursday and could carry a maximum sentence of six months in county jail and a maximum fine of $500.

Symmes was obviously moved by the resignation and when the Brea council returned from executive session, seated himself in the back of the room, not joining them on the dais.

When asked if he would continue with his youth work and participation in such activities as Little League, where he is a district administrator, Symmes' answer was: "I'm not going to die!"

Japanese Students

[Continued from Page One]

expect to be treated as just another member of the family. Separate rooms are not necessary, nor is a knowledge of Japanese required, as the young people are college students and speak English well.

People unable to host a student may wish to sponsor an activity or include a Japanese student in a family outing, Mrs. Fleisher suggests.

In addition to classes, the group will be participating in a wide range of planned excursions and activities, all designed to give the student as representative and as complete an exposure as possible to the richness, variety and complexity of the American life style and value system, Mrs. Fleischer explains.

"The most important part of this total experience, though", she continued, "the longest-lasting memories, will be a result of the relationship between the student and his American family. It should be a mutually enlightening and enriching adventure that neither will ever forget."

Families or individuals interested in assisting with the program are asked to call Mary Lee Fleischer at 524-0716 after 4 p.m.

Names of the students will be received here starting May 1, Mrs. Fleischer said. Where there is a host family willing to house the student with sufficient time in advance, students and host families will be encouraged to correspond beforehand, she explained.

Trash Strike

[Continued from Page One]

Rangel said also that his company plans to hire temporary workers if the men do not come back to work. He said that the equipment is rolling about a day late. "Thursday we should be caught up," he outlined.

"We hope people will be patient. I'll probably be on a truck myself tomorrow."

Raasch said union members were firm in their last demand in turning down the employers' proposal. "The vote to strike was 308 to 2," he reported.

The strike involves 12 disposal companies operating in Orange County and covers most of the area.

Raasch said he believes the outcome of the settlement will be determined "by how much pressure there is from homeowners."

Rangel said the employers believe that "a 15 per cent wage increase is adequate."

Additional raises for the next two years would be 20 cents each year, Raasch stated.

Neither side has any firm plans for further discussion at this time, both revealed, each stating they believed the impasse was complete.

The strike began Monday morning. Homeowners were advised to leave their trash at the curb until it can be picked up, Rangel suggested.

A SECTION REMOVED from an emptied oil tank shows the smoldering insides after a welder's torch ignited oil-soaked wooden beams creating eye-catching billows of smoke last week. Schools which would benefit the first year of the proposed three-year project are McFadden, Rio Vista, Glenview, Orchard, Ruby Drive, Morse and Topaz Elementary Schools, Kraemer Junior High School and El Camino and Valencia High Schools.

Guests At Valley Forge

John Loren Harris, an 8th grade teacher at Col. J.K. Tuffree Junior High School, Placentia and Tim Ernst, a sophomore at Placentia's El Dorado High School, traveled to Freedoms Foundation at Valley Forge, Pennsylvania to participate in the Fourth Annual Youth Leadership Seminar in April.

Harris and Ernst were sponsored by the Orange County Women's Chapter, an "action arm" of Freedoms Foundation. They joined 54 other students at the conference from various schools of several states.

Mrs. Louis L. Curtis of Tustin, chapter president, explained the seminar is designed "to give high school students an opportunity to evaluate the country's past achievements, to consider the problems and opportunities confronting them and to reflect upon their aspirations for the future."

The program consisted of a series of lectures by prominent authorities on government, socialogy, economics, philosophy and the American heritage, followed by discussion periods that allowed the participants to question the speakers and contribute their own ideas. Time was also set aside for study, recreation, and tours of historic Valley Forge State Park and Philadelphia.

The students were taken on a tour of Washington's Revoluntionary War Encampment at historic Valley Forge.

The seminar concluded with a tour of historic sites in Philadelphia including Independence Hall, Betsy Ross House, Elfreth's Alley and other significant places.

Founded in 1949, as a non-profit, non-political and non-sectarian organization, Freedoms Foundation's major purpose is the perpetuation of the American heritage, freedom, and the free enterprise system.

Through the years since its inception, millions of Americans have been made aware of Freedoms Foundations's purpose activated by its National Awards Program and Educational Programs on the Preservation of the Principles of Freedom.

AT VALLEY FORGE--Reed Harris, center, president of Freedoms Foundation at Valley Forge, greets Tim Ernst, left, a sophomore at Placentia's El Dorado High School and John Loren Harris of Villa Park, right, 8th grade teacher at Col. J.K. Tuffree Junior High School, who attended a Youth Leadership Seminar at the Foundation's National headquarters in Valley Forge, Pa. The seminar was co-sponsored by the Orange County Women's Chapter, an "action arm" of Freedoms Foundation.

YOUTH LEADERSHIP SEMINAR---Reed Harris, left, president of Freedoms Foundation at Valley Forge, greets El Dorado High School sophomore, Dianna Amorde, who recently attended a three-day Youth Leadership Seminar at the Foundation's national headquarters in historic Valley Forge, Pennsylvania. Miss Amorde joined sixty-one other students at the sessions from various schools of several states. The Orange County Women's Chapter, an "action arm" of Freedoms Foundation, was one of the co-sponsors of the seminar.

Non-Parents Plan Program

Members of the National Organization for Non-Parents, Orange County Chapter, will be gathering at the home of the chapter secretary, Mrs. Ann Beauchamp, in Placentia, on Saturday, May 10, to prepare gifts of fruit and cookies for the ladies of the Orange Park Guest Home in Anaheim.

The group learned that some of these seniors either had no family or would not be especially remembered this Mother's Day. The childfree members of this organization, through their research and instruction in the areas of responsible parenthood, fully realize the sacrifices and responsibilities these ladies made during their parenting years, and they deserve recognition on this special day.

The recently formed chapter hopes to expand its involvement in community activities in the years ahead to work with all aspects of the parent-child relationship. Anyone interested in becoming an active member of learning more about the group's goals in alternatives to parenthood, can call O.C.N.O.N. 993-4921 or write to Box 4403, Anaheim 92803.

The National Organization for Non-Parents is a non-profit organization with headquarters in Baltimore, Maryland, and chapters located throughout the United States and Canada.

Library Showcase

YOU can help:

Katy Hellauer, children's co-ordinator, is calling on Yorba Lindans to donate their empty three pound coffee cans to the Yorba Linda library. Between three and five hundred cans are needed by the end of June for a seedling tree growing project.

Looking ahead:

Pre-registration for the library's Summer Reading Program will be taken at the book sale coming up Saturday, May 17 in the multi-purpose room.

In addition:

All children kindergarten through sixth grade are invited to contribute to a Bicentennial Scrapbook being compiled by the children's department staff. Poems, drawings, short essays, sketches or impressions are all acceptable. They will be specially mounted for binding and the scrapbook will become part of the library's permanent collection.

Linda Gudzunas, as fine arts chairman, picked up a second place award for last summer's community art festival in Nixon Park and the club's donation of teaching aids to the Yorba Linda School District. Mrs. Gudzunas also won first place in the intermediate division of Orange District's annual sewing contest.

The attendance award went to the Yorba Linda Juniors for the highest percentage of membership at district conferences and meetings.

RAMONA PAGEANT

Once again it is spring and once again the people of San Jacinto and Hemet have combined their efforts to produce the beautiful Ramona Pageant. There will be four more performances, April 26, 27, and May 3 and 4. There are a few tickets available, but you should call ahead for reservations.

Since 1923, this outdoor play has been a community enterprise which is so unigue and colorful that it has enjoyed continued success. The Ramona Bowl is a semi-circular stadium, with a seating capacity of 6,662, in the hills above Hemet. Nature provides the stage with a backdrop of hills, dirt paths, cactus, and birds whose songs in flight accentuate the natural setting.

Ramona is a love story written by Helen Hunt Jackson, published in 1884, which depicts some of the injustices that Indians suffered during the settling of the frontier. It is believed that the story is basically factual and there is evidence from several sources about incidents in the book. Ramona died in this valley in 1924 and her grave is at the Cahuilla Indian Reservation. Mrs. Jackson felt strongly about the cause to improve the plight of the American Indian and has also written "A Century of Dishonor" and "report on the Conditions and Needs of Mission Indians".

There are three acts to the play, and the colorful costumes and nature's "props" of boulders and paths on the hillside are dramatically used throughout the play to heighten the action. There is a permanent replica of the original ranch house used in the story and an Indian hut.

As the play opens, the cast of nearly 350 players, drawn mostly from local residents, approach in a singing procession. Ramona is played by Susan Carol Hunter, a graduate of the Los Angeles Civic Light Opera Workshop. Alessandro is brought to life by Frank Sorell, a professional singer-actor, who has performed around the world.

As you sit and listen to the mariachis and look to the left and see the snow-capped mountains, it is easy to feel a part of the drama and understand the Indians' love for the land and their need to feel free.

There are several memorable scenes in the play but the most spectacular was the Indian fiesta held in honor of the christening of Ramona and Alessandro's baby girl in Act Two. Over fifty braves appeared on the hillside (from behind rocks) as the Chief, dressed in white and with full head dress, chanted from the hilltop. Curt Nations, Art Director at NBC, supervised the authentic Cahuilla ceremony. Several ceremonial dances were performed during this episode which received enthusiastic applause. The cast received a standing ovation at the conclusion of the play.

It is well worth the 65 mile drive from Placentia to see Ramona. A word of advice for comfort, bring a cushion to sit upon, a sun hat and a sweater for the afternoon breeze. Binoculars are helpful, but not necessary. There is a small museum to visit and a photo area with a good vantage point to capture the strikingly beautiful scenes of the pageant.

Shaw, Honstein Vows Told

Mitzi Lynne Shaw became the bride of Steven Lester Honstein in a double ring ceremony on April 12 at St. George Chapel in the Hilton Inn. The bride is the daughter of Mrs. Janie Shaw of Yorba Linda, and Charles M. Shaw of Tustin. The groom is the son of Mr. and Mrs. San Honstein of Anaheim.

Dr. P.H. Fleischmann officiated at the afternoon ceremony.

The bride wore a traditional gown of taffeta with a full length train. The dress was accented with lace trim on the bodice and the full skirt. Her headpiece was a lacy white picture hat, overlaid with a long illusion veil. She carried an old-fashioned nosegay in assorted pastel colors.

Maid of honor was the bride's sister, Miss Rita Lanell Shaw of Yorba Linda. She was attired in pastel orange, with a matching capelet. Her wide-brimmed hat was trimmed with daisies in orange and her bouquet matched.

Similarly attired were bridesmaids Mrs. Kathryn Guffey of Yorba Linda and Mrs. Brenda Gilliam of Placentia. Their long gowns of pastel blue were set off with matching hats and bouquets.

Flower girl was Miss Dina Gilliam of Placentia.

Consumer Affairs
777 S. Harbor Blvd.
La Habra, CA. 90631

Bet you thought I'd been on vacation. Not so. Our consumer affairs department has been as busy as ever working with customers on a day to day basis, and we have created several new programs for you. A selection of information brochures is now ready. Included in the latest series are pamphlets on how to use nutrition labeling and unit pricing. We've also prepared leaflets on citrus and vitamin C, ground beef, and chicken. These include all sorts of helpful hints on how to buy, store, and use these special products. Nutritional guidelines and even a variety of excellent recipes have been included. In our stores with consumer service centers, these are being distributed, but they're available free from this office upon request. We'd like to send them to you.

May is a month of holidays! May 1, May Day, is celebrated in the Western World with maypoles and May baskets. The 5th of May, Cinco de Mayo, is welcomed with song and dance by many here in the Southwest. Mother's Day is the second Sunday in May, and the month is climaxed by Memorial Day, this year on May 26.

May is also blood pressure month. Did you know that one out of every seven persons in the U.S. is suffering from high blood pressure? Without treatment, high blood pressure may lead to strokes and heart attacks. Your local chapter of the American Heart Association has information where you can secure free or low-cost blood pressure testing. They also have an excellent free brochure, entitled, "Save Food $ and Help Your Heart." The Heart Association is listed in your phone book, call them. It may save your life.

Aztec Coach Optimistic

"It is nice to get away from the problems inside athletics in the college scene today," new Esperanza High School head football coach, Pete Yoder said this week, expressing an optimistic attitude.

"At the high school level you deal with young men who are there because they enjoy the game and want to be a part of it," Yoder explained his change from the coaching staff at Cal State Fullerton to the high school level.

Yoder confirmed that he is looking forward to his coaching duties at Esperanza, where the Aztecs in their first year registered no wins, 8 losses and one tie.

Yoder, whose team at Blair High School in Pasadena brought home a 4A CIF Championship in 1969, has also coached under John McKay at the University of Southern California. The new coach sees a challenge at Esperanza, where, he explains, the school will be seeking to develop a tradition.

Yoder, who was selected from 82 applicants, favors football for youngsters "if it is fun and not overly competitive. The younger the age the more fun it should be," he explained.

Valencia In Ag Contest

Orange County High Schools walked off with top honors at the 29th annual Future Farmers of America agricultural judging field day at Mt. San Antonio College. The event is sponsored by Security Pacific Bank and the MSAC Young Farmers.

High on the list was Valencia High School in Placentia, which won third in the A team schools and Kim Topp, who was named second in individuals in the A category.

Miss Topp is a Valencia High School student and daughter of Liz Topp, former editor of The Placentia Courier.

The sweepstakes award went to Sonora High School (La Habra) for accumulating the most team and individual points.

The more than 900 students from some 50 high schools throughout Southern California attending the all day event evaluated and identified a variety of agri-business projects and implements in 10 agricultural classes. The contests are designed to build proficiency and knowledge in agriculture by placing students in the role of judges and testing their expertise both within and without their chosen specialty.

This marks the 21st year Security Pacific Bank has sponsored FFA field days, competition and awards banquets throughout California.

Junior High Horticulture Project Wins Award

Efforts of seventh and eighth grade students (room 22) at Yorba Linda Junior High, who have worked diligently and enthusiastically at the development of a horticulture unit (row crop farm and retail nursery) have been recognized by the Orange County Department of Education. The students won the Orange County Environmental Merit award for the Junior High level. The awards ceremony took place in the Board Room at the Department of Education in Santa Ana, April 8, 1975.

The project is an ongoing one which needs community support, according to instructor Jack Horn. Student interest is presently being concentrated on the construction and operation of a retail nursery which has been named by the students, Plants Galore.

Funds for nursery construction are being acrued by the Yorba Linda and surrounding communities' interest and participation in the pre-opening nursery sales. Plant material for this pre-opening sale and future sales is being purchased from only the highest quality wholesalers and are made available to the public at 25 % off the retail price. "This is a fantastic savings for anyone who enjoys having some green things around," says Horn. Plants available include house plants, landscape ornamentals (ferns, trees, shrubs) and tropicals.

Procedure for purchasing involves: Come to Plants Galore, Yorba Linda Junior High, at 4777 Casa Loma with a list of plants to be purchased. (Stop at the administration buiding for directions to the horticulture area.) Then, order plants, paying ½ cash deposit. Sales are from 8 to 11 a.m. and 3 to 3:30 p.m. on Monday, Tuesday and Wednesday. Plants ordered can be picked up the first Friday after ordering.

SECRET OF SOURDOUGH BREAD REVEALED

Many people have asked Trader Joe why San Francisco Sourdough French Bread cannot be duplicated in Los Angeles. The answer is the San Francisco climate. Without a continuously cold, damp and miserable climate (like San Francisco's) the yeast which is needed for sourdough bread cannot survive.

So Trader Joe imports bread from San Francisco -- the famous Parisian brand -- and sells it for only 69c, even though they sell it for more at the airports. Long loaves or round loaves only 69c each at Trader Joe's Market.

Chargers Hold On To Top Spot

The Placentia Chargers, holding first place in their league, twice beat San Jacinto Sunday night with scores of 8-2 and 3-2.

Wednesday, the women's soft ball league, will put their lead on the line when they play the Norco Mavericks, last year's defending league champions in a 7 p.m. game at McFadden Field in Placentia.

The Mavericks and Mission Viejo are tied for second place.

Mission Viejo becomes the foe in a Saturday night double header opening at 7 p.m. also at McFadden Field, to round out the Chargers week, Art Goodman, Chargers owner-manager reports.

HORSE TALES

By Joan Johnson

The calendar says that Spring is officially here. This means blue skies, warmer weather and green grass. To a lot of us, it means getting spring fever in the form of an urge to get out and really do some trail riding. There's plenty of this available around town, but if you want to try something different, then I guess this article is mainly directed toward people who own a horse trailer (or have a good friend who does!)

There are those of us who like to hook up the trailer, load the horses and head out somewhere for a nice four or five hour ride. Most of these riders fall into the "leave the dishes in the sink" housewife group.

On the other hand, many of us like to make a two or three day weekend of it and travel further to enjoy camping out in the beautiful scenery and the peace and quiet of our state and county parks. I can't really say these weekend rides are relaxing, because (in most cases) they aren't. By the time you arrive at your destination, get camp set up, tend to the horses, the kids, and the husband (in that order), ride from four to eight hours a day, return home and unpack everything, you're ready for a vacation! It's worth it, though. You see things on horseback that you would never notice otherwise, and believe me, your horses enjoy these trips just as much as you do!

We have so many beautiful riding and camping areas available to us in our own county, as well as neighboring counties, that when somebody says, "Let's go on a campout this weekend", it is really difficult to make a choice.

So I guess I'll start out by listing places that are close enough for one day rides. Laguna Lake Park, at Lakeview and Euclid, in Fullerton; O'Neill Park (camping sites available also); Griffith Park in Burbank; Starr Viego, off Ortega Highway out of San Juan Capistrano (this is also available for camping); the area between Irvine Park and Anaheim Hills. This place is great for conditioning your horses, but the access into the hills from the Irvine Park side has been closed. If any of you know how to "legally" gain access to this area, please let me know. I lost one of my favorite riding areas when Irvine Park Stables shut us out. Some more fairly near riding areas are Oak Grove Park in Pasadena (near the Rose Bowl); Eaton Canyon Park in Pasadena (camping also available); Whittier Narrows Horseman's Park (at Peck Road and the 605 Freeway); and Trabuco Canyon.

After School Reading Lab

While most students are enjoying after-school activities, a small group of junior high students in the Placentia Unified School District are putting in their busiest school hours learning to read.

In a new program developed by the staff at Kraemer Junior High, students may come on a voluntary basis to a well-stocked reading lab twice a week for a concentrated hour of work to improve reading skills.

Students from all three district junior high schools--Bernardo Yorba, Kraemer and Tuffree-- are participating in the program with Kraemer reading specialist Debbie Mercier.

"We're hoping to get parents involved in the program along with their children", Mrs. Mercier said. "We do things in the lab that can be carried over to the home. I'm interested in parent education as well."

The program is designed to help students who are underachieving, reading at least 2½ years below grade level, and who are not already enrolled in a regular reading lab or special education program.

Only those students whose parents are willing to provide transportation and work with their children and the reading specialist are accepted.

"Arrangements for parent activity in the lab are made on an individual basis, so that each parent's contribution can be a rewarding experience rather than a threat or a burden," explained Kraemer principal Richard Owens.

When students come into the lab at 3:15 on Tuesday and Thursday afternoons, they are permitted to explore the available materials and machines and given appropriate materials to work with.

"The idea is to help students achieve success in their reading experiences", Mrs. Mercier said. "Most of them already realize the importance of being able to read and place enough value on the skill to take their time to be here."

The approach to each student is highly individualized, and each student is given help in areas of greatest need.

Paulette Hall, a parent of Yorba student Ron Hall, is enthusiastic about the program.

"If Ron can learn to like reading, it will be an accomplishment I've never been able to achieve," she said. "It's so important to him, so it's important to me."

"Most students enjoy the reading lab," Mrs. Mercier explained. "It's a treat for them to come.

The amount of $117,803.99 will be returned to the two cities of Placentia and Yorba Linda in April tax funds collected and redistributed by the state.

Placentia will receive $72,797.02 for the month, including $6,626.38 in cigarette taxes; $20,791.16, highway users tax and $43,379.02 in lieu of motor vehicle license fees.

Yorba Linda's returns will be an overall $45,006.97 divided respectively into returns of $3,663.65; $13,093.84 and $28,249.48.

Saito Wins Award

One of the world's foremost architects and a popular actress were among those honored by the California Landscape industry for their dedication to the preservation and beautification of the environment.

The 1975 Daisy Awards were presented by the California Landscape Contractors Association (CLCA) at a gala banquet at the Century Plaza Hotel in Los Angeles.

Actress Jane Wyatt made the presentations of the awards to several honorees including Paul M. Saito of Placentia. His award was for landscape architecture.

A surprise Daisy Award was presented to Jane Wyatt for her humanitarian achievements and assistance to Los Angeles Beautiful, Inc., a civic group dedicated to beautifying that city.

Landscape architect Paul M. Saito, president of Recreation Land Planners, was honored for his accomplishments in the area of park and recreation land planning and designing.

Surge In Home Buying Reported

Americans are starting to buy homes again, according to a report by local realtors. After 18 months of steady decline in which the U.S. real estate industry saw some of its darkest days since the 1930's, real estate offices are beginning to buzz with activity.

According to the recent report, mortgage money is available and beginning to flow. Interest rates are dropping. The steadily growing prices of homes are leveling off in most areas--and people are buying.

The surge in buying comes despite the fact that construction costs have gone up as much as 50 per cent over the last five or six years. Overall building material costs have increased anywhere from 10 to 30 per cent since November of 1973.

The VA approved 106,000 GI home loans during the first four months of fiscal year 1975, a 5.4 percent increase over the same period in fiscal year 1974.

The new $2,000, or 5%, tax credit on the purchase of a new house which President Ford signed into law will be a further stimulus and result in increased sales for 1975.

The homebuilding industry now stands a better chance of finding buyers for the some 408,000 unsold new homes now on the market.

The new tax bill is expected to have its biggest impact on buyers of lower-priced homes--those under $40,000--who until now have not "come forward" to take advantage of the now available mortgage money as have buyers of higher-priced homes.

A report by F. Allen Graham, president of Mortgage Bankers Association of Michigan, says that there will be more dollars available for financing a home this year than last, although the commercial banks will be working with mortgages less and less.

"I look for some real aggressive mortgage efforts from the savings institutions in the months ahead," Graham noted, "actually, right now, there is an ample supply of funds available through lenders with commitments from the Federal Home Loan Mortgage Corp., the Federal National Mortgage Association and the Government National Mortgage Association."

ORDINANCE NO. 75-0-105
NOISE CONTROL ORDINANCE
CITY OF PLACENTIA, CALIFORNIA
AN ORDINANCE ADDING CHAPTER 23.76 TO TITLE 23 OF THE MUNICIPAL CODE OF THE CITY OF PLACENTIA, CALIFORNIA.

The City Council of the City of Placentia does hereby ordain as follows:

Chapter 23.76 is hereby added to Title 23 of the City Municipal Code to read as follows:

NOISE CONTROL
CHAPTER 23.76

Sec. 1. Declaration of Policy.

In order to control unnecessary, excessive and annoying sounds emanating from incorporated areas of the City, it is hereby declared to be the Policy of the City to prohibit such sounds generated from all sources as specified in this Chapter.

It is determined that certain noise levels are detrimental to the public health, welfare and safety and contrary to public interest, therefore, the City Council does ordain and declare that creating, maintaining, causing or allowing to create, maintain or cause any noise in a manner prohibited by or not in conformity with the provisions of this Chapter, is a public nuisance and shall be punishable as such.

Sec. 2. Definitions.

The following words, phrases and terms as used in this Chapter shall have the meaning as indicated below:

AMBIENT NOISE LEVEL shall mean the all-encompassing noise level associated with a given environment, being a composite of sounds from all sources, excluding the alleged offensive noise, at the location and approximate time at which a comparison with the alleged offensive noise is to be made.

COMMERCIAL PROPERTY shall mean a parcel of real property which is zoned for or developed and used either in part or in whole for commercial purposes including but not limited to retail and wholesale businesses and professional offices.

CUMULATIVE PERIOD shall mean an additive period of time composed of individual time segments which may be continuous or interrupted.

DECIBEL (db) shall mean a unit which denotes the ratio between two (2) quantities which are proportional to power: the number of decibels corresponding to the ratio of two (2) amounts of power is ten (10) times the logarithm to the base ten (10) of this ratio.

DWELLING UNIT shall mean a single unit providing complete independent living facilities for one or more persons including permanent provisions for living, sleeping, eating, cooking and sanitation.

EMERGENCY MACHINERY, VEHICLE OR WORK shall mean any machinery, vehicle or work used, employed or performed in an effort to protect, provide or restore safe conditions in the community or for the citizenry, or work by private or public utilities when restoring utility service.

FIXED NOISE SOURCE shall mean a stationary device which creates sounds while fixed or motionless including but not limited to industrial and commercial machinery and equipment, pumps, fans, compressors, generators, air conditioners and refrigeration equipment.

GRADING shall mean any excavating or filling of earth material, or any combination thereof, conducted at a site to prepare said site for construction or other improvements thereon.

IMPACT NOISE shall mean the noise produced by the collision of one mass in motion with a second mass which may be either in motion or at rest.

INDUSTRIAL PROPERTY shall mean a parcel of real property which is zoned for or developed and used either in part or in whole for manufacturing purposes.

MOBILE NOISE SOURCE shall mean any noise source other than a fixed noise source.

NOISE LEVEL shall mean the "A" weighted sound pressure level in decibels obtained by using a sound level meter at slow response with a reference pressure of 20 micronewtons per square meter. The unit of measurement shall be designated as dB(A).

NOISE VARIANCE BOARD shall mean an administrative board of five (5) members appointed by the city council of the City of Placentia.

PERSON shall mean a person, firm, association, copartnership, joint venture, corporation of any entity, public or private in nature.

RESIDENTIAL PROPERTY shall mean a parcel of real property which is developed and used either in part or in whole for residential purposes, other than transient uses such as hotels and motels.

SIMPLE TONE NOISE shall mean a noise characterized by a predominant frequency or frequencies so that other frequencies cannot be readily distinguished.

SOUND LEVEL METER shall mean an instrument meeting American National Standard Institute's Standard S1.4-1971 for Type 1 or Type 2 sound level meters or an instrument and the associated recording and analyzing equipment which will provide equivalent data.

SOUND PRESSURE LEVEL of a sound, in decibels, shall mean twenty (20) times the logarithm to the base ten (10) of the ratio of the pressure of the sound to a reference pressure, which reference pressure shall be explicitly stated.

Sec. 3. Noise Level Measurement Criteria.

Any noise level measurements made pursuant to the provisions of this Chapter shall be performed using a sound level meter as defined in Section 2.

Sec. 4. Designated Noise Zones

The properties hereinafter described, whether incorporated or unincorporated, are hereby assigned to the following noise zones:

Noise Zone 1 All residential property.
Noise Zone 2 All commercial property.
Noise Zone 3 All industrial property.

Sec. 5. Exterior Noise Standards

(a) The following noise standards, unless otherwise specifically indicated, shall apply to all real property within a designated noise zone:

3	70 dB(A)	Anytime

In the event the alleged offensive noise consists entirely of impact noise, simple tone noise, speech, music, or any combination thereof, each of the above noise levels shall be reduced by 5 dB(A).

(b) It shall be unlawful for any person at any location within the incorporated area of the City to create any noise, or to allow the creation of any noise on property owned, leased, occupied, or otherwise controlled by such person, when the foregoing causes the noise level, when measured on any other residential, commercial, or industrial property, either incorporated or unincorporated to exceed:

(1) The noise standard for a cumulative period of more than thirty (30) minutes in any hour; or

(2) The noise standard plus 5 dB(A) for a cumulative period of more than fifteen (15) minutes in any hour; or

(5) The noise standard plus 20 dB(A) for any period of time.

(c) In the event the ambient noise level exceeds any of the first four (4) noise limit categories above, the cumulative period applicable to said category shall be increased to reflect said ambient noise level. In the event the ambient noise level exceeds the fifth noise limit category, the maximum allowable noise level under said category shall be increased to reflect the maximum ambient noise level.

(d) In the event that the noise source and the affected property are within different Noise Zones, the noise standard applicable to the affected property shall apply.

Sec. 6. Interior Noise Standards

(a) The following interior noise standards, unless otherwise specifically indicated, shall apply to all residential property within a designated noise zone:

INTERIOR NOISE STANDARDS

By Jack Scarpa

A politician is a lot like a businessman. His stock in trade is his reputation. The politician who is successful and becomes an elected official puts his reputation on the line every time he makes a decision. Rightly so. The businessman also puts his reputation on the line when he decides on the brands he will stock. Thus the politician and businessman will reap the benefits or repercussions of their decisions.

One Decision

A year ago three politicians in Placentia made the decision that a real estate office should not be allowed in Placentia's main shopping center. It has proven to be an expensive decision; property is vacant and the credibility of Placentia's leadership has suffered.

A visible result is the Spanish building facing Kraemer Blvd. This building has been empty since it was built in December 1974. Large signs in its windows advertise it for lease. It was meant to be a real estate office, but today it is the target of vandals with ice cream smeared on its windows and black spray paint defacing, with bold zig-zag lines, the whiteness of the building.

It is not often that we can see the results of our decisions so plainly. I wonder if the three Placentia City Councilmen, who must bear the responsibility for this, still honestly believe that they were right?

The building stands in mute testimony, a symbol of the sometime inept leadership of this city.

Art Group

Last week, we entered the Backs Building to attend a Bradford House Founders Society meeting and instead found ourselves in a Placentia Art Association meeting. An artist was demonstrating his painting style and it was so interesting we stayed the whole evening.

The artist talked about "wash", and that's when I discovered a wash isn't necessarily clothes flapping on a line--it can also be a background color on a canvas. He talked of searching for designs, and as he stabbed at the canvas with his colorful brushes there was something vaguely familiar about his early zig-zag designs.

As he got into his work, the canvas got messier and messier and I became more and more amused. I looked at my wife wanting to share the hilarity of the moment, but she was totally absorbed in watching the artist.

Miracle of miracles the painter's messy canvas was changing into a strikingly beautiful bunch of sunflowers in a brown basket with a tall pitcher nearby that was graceful and lovely.

I finally figured out, though, why the artist's early designs were so familiar. The vandals in this town may not know it but they have the beginnings of artistic talent.

Seriously, the group is most interesting, and if you are an amateur painter or a pro you should consider joining them. For more information call President Bev Lunger at 528-5468, or call Vice-President Helen Crismore at 528-4160. They are seeking charter members and at $5 a year you can't go wrong.

Baskin-Robbins Notes First Year Here

Baskin Robbins--the ice creamery that is famed for its 31 flavors--is celebrating its first anniversary in the Placentia-Yora Linda Community this week.

The store, run by Eugene and Dolores McConnell, is a family venture in the true sense of the word. Even 7 year old James fills in as the official ice cream taster.

In addition to the well-known 31 flavors, the shop's specialty is ice cream desserts and cakes which are imaginatively decorated. You can get a parrot molded out of green ice cream or even Noah's Ark. The pride and joy of the McConnells is a dirt bike rider cycling on a mound of iced cake. Other ice cream fantasies include "feature creatures" such as Snidely Wiplash and the Jolly Green Giant.

The McConnells--youth oriented just by nature of the business--are actively involved in community activities. During the past year they have assisted a PTA membership drive at Wagner and Sierra Vista Schools by awarding free cones to the class enrolling the most new PTA members. They also catered an ice cream eating contest at California State University, Fullertons's Homecoming festivities. The store sponsors the "Super Sluggers" Little League team. The McConnells also give tours of the shop to youth groups.
